Happy festive season!

Primary NewsBite wishes you a wonderful break!

Dates for your diary

CP parent meeting

Don't forget our CP Parent Meeting on Thursday, January 5th at 8.15 in E14 where we will talk about phonics, reading groups, Bug Club, homework reading and spelling. The meeting is expected to last an hour. Please enter school through the Primary gate.

News...News...News...

We have lots of lovely new books in the Primary Library! Please continue to encourage your child to read as much as possible. A big thank you as always to the Library volunteers for all their help.

We need books to be returned regularly. If your child is in CP, CE1, CE2 or CM1, why

not use the blue library bag for keeping Library books safe!

Hour of Code…

This week, CPs through to CM2s will have an hour of code. An hour of code?
'The Hour of Code is a global movement reaching tens of millions of students in 180+ countries. Anyone, anywhere can organize an Hour of Code event. One-hour tutorials are available in over 40 languages. No experience needed. Ages 4 to 104.'

Many thanks to our Tech Squad for helping the children understand that coding is simple and fun! Our global digital natives will undoubtedly take to coding like fish in water :)

Blogs…Blogs…Blogs…

Every year level has a class blog. You should have received a link to the blog - don't forget to check it regularly!

News from the classroom…

CP

CPs have just completed a unit on Instructions and have learned the importance of 'Bossy Verbs' and chronological order. Last Wednesday, the class made krispie cakes.
After the break we will be getting stuck into story writing and a mini science project.

CE1

CE1s have been having a lot of fun with 'Horrid Henry'. They have made some Puppetpal videos and are now working on their own stories.
The children also received a visit from Mr Celemenski, Ruby's father, who told them lots of exciting things about Canada.
