Summer Reading - Preparation for 5ème

Read at least one (but ideally 2 or 3) books from this list (or other English books) to prepare for 5ème next year. As you are reading, mark (post-it/highlighter/pencil) any passages that stand out to you. It could be because they are particularly exciting, interesting, vividly descriptive...whatever the reason that catches your eye. Be prepared to share one of those passages with the class when you return in September.
